

WOODFORD MEDICAL AESTHETICS

PPE FOR CLINICAL STAFF

THESE ARE THE GUIDELINES FOR ALL STAFF WHO WILL BE DEALING DIRECTLY WITH PATIENTS WITHIN THE 2M SAFE DISTANCE

- SCRUBS MUST BE WORN AS PROVIDED. THEY MUST BE CHANGED INTO AND OUT OF AT THE CLINIC. PLASTIC STORAGE BOXES WILL BE PROVIDED FOR YOUR CLOTHES.
- DIRTY SCRUBS MUST BE PLACED IN A PLASTIC BAG, TAKEN HOME AND WASHED ON A HOT WASH SEPARATELY FROM OTHER HOUSEHOLD WASHING.
- SURGICAL FACEMASKS MUST BE WORN DURING CLINICAL SESSIONS. ONE MASK SHOULD BE SUFFICIENT FOR A SESSION UNLESS IT BECOMES DAMP OR SOILED. A SESSION IS DEFINED AS A MORNING OR AFTERNOON. FACEMASKS MUST BE DISPOSED OF IN THE CLINICAL WASTE.
- FACE VISORS SHOULD ALSO BE WORN. THESE SHOULD BE CLEANED WITH ANTISEPTIC OR SOAP AND WATER AFTER EACH PATIENT AND DISPOSED OF AT THE END OF THE DAY IN THE CLINICAL WASTE.
- NITRILE OR LATEX GLOVES MUST BE WORN CLEAN FOR EACH CASE. HANDS SHOULD BE WASHED WITH SOAP AND WATER OR HAND SANITISER BEFORE PUTTING GLOVES ON. THEY MUST BE REMOVED AFTER EACH CASE IN ACCORDANCE WITH THE PICTURED INSTRUCTIONS AND DISPOSED OF IN CLINICAL WASTE. HANDS MUST BE WASHED AFTERWARDS.
- PLASTIC APRONS MUST BE WORN FOR EACH CASE AND DISPOSED OF AFTER IN CLINICAL WASTE. THEY MUST BE TAKEN OFF AS PER PICTURED INSTRUCTIONS.
- WASHABLE FOOTWEAR SUCH AS TRAINERS SHOULD BE WORN. THESE SHOULD BE KEPT AT WORK AND STORED IN THE PERSONAL PLASTIC BOX.
- IF YOU BECOME UNWELL AT ANY TIME WITH A TEMPERATURE, DRY COUGH, SORE THROAT, LOSS OF TASTE OR SENSE OF SMELL OR SHORTNESS OF BREATH EITHER AT WORK OR AT HOME YOU MUST NOTIFY DR HILARY ALLAN OR DR MERVYN PATTERSON IMMEDIATELY.

DR HILARY ALLAN
